Your Honorable Magistrate Judge Kendall Newman, my name is Bryan Brown a member who opted out of the class action Butcher vs The city of Marysville/Yuba County in which you settled on Feb 3 2020, I was present and my cases never settled so you offered to try and settle my cases and told me if there was anything you could do just contact you....well I wanted you to know that I lost both my cases ...on Nov 11, 2021 Defendant filed summary judgement with Res Judicata stating I didn't opt out so I was bound by the Settlement agreement of the class. March 8 2022 judge Steven Berrier dismissed my case ,

On May 11 2020, Anthony Prince Voluntarily dismissed my case against the city with prejudice without my knowledge or approval .

What I would ask from you is the truth from exactly where my case stood after the Feb 3 2020 tentative Settlement hearing..... Your magistrate I lost my cases from a plan and scheme that never intended to try and settle with you your honor as you were lead to believe .No further entry was ever made in the federal case and no entry of any kind from either case in superior court for about 1 year. Judge Berrier stated he didn't know anything about the class action or my case he had very little Information only what was presented to him by the Defendant and Plaintiff.

You Mr Neman never would have let my case go forward if it wasn't possible to do. You cleared my cases to go back to state or except your offer to try and settle ..

My attorney could have gotten the transcripts from the class hearing .He could have presented the documents filed by Mark Merin that states I was a member who opted outhe never did in fact he told me SJ hearing was cancelled but that was not the truth he never showed up for the hearing never called nothing

All I'm asking for is some type of clarification for Judge Berrier everybody knew I was ok to go forward except the state court judge he knew nothing at all My attorney Anthony Prince will not give me my files and Mark Merin refuses to let me have any of the case files from the class in which I was a member .Mark also refuses to give the case files to Brigitte Butcher the lead plaintiff ...I hope you can help me clear this fraud upon the court because you hold a lot of truth in the matter

Sincerely
BryanLee Brown
(Member of class action)
